The long awaited summer vacation is here, bringing with it the gift of togetherness that is spent in exploring books, watching informative programs and playing games. While fun is intrinsic to their age, fruitful occupation of their time is of vital importance towards children as a progressive learning graph.

Longer days and shorter nights,  
Dark shades & brighter lights.  
Favourite music & best friends,  
Keep away pencils keep away pens.  
Make these days the time of your life,
