# DEAR PARENTS

Vacation is the time for the children to explore their myriad interest and indulge in various activities which would lead to their all-round development.

Summer Vacation is the most awaited time for both parents and kids. We have tried to keep the homework simple, informative, interesting and fun filled.

Here are a few tips for parents to act as a facilitator to help your child balance his/her eagerness in pursuing adventure, creativity and self-expression with development of responsibility.

- Make sure that you are spending quality time with your wards.
- Teach them the importance of moral value in their life.
- Motivate them to read good books.
- Encourage and help your child in shouldering responsibilities in household chores. It will aid them to be independent.
- Keeping in view the prevailing situation, indulge yourself in various indoor games with them.
- Encourage the child to wish 'Good Morning' and 'Good Night' to everybody.
- Encourage the child to speak simple sentences in English
- Talk respectfully with the child and encourage your child to do the same.
- Motivate the child to use polite words such as 'Please', 'Thank You', 'Sorry', 'May I'.
- Revise the work done in the classes.

- a. Please note: Use resources (rough notebook) only which are available at home to complete all homework including project work. Prepare a systematic time table and follow it religiously from the very first day. Allow them to complete homework on their own under your guidance. Make these holidays memorable for the young learners by providing a nurtured and stimulated environment at home which is full of fun, excitement, and learning. ### ENGLISH

**CLASS-III**  
**SUBJECT: ENGLISH**

**Q1 ) Read the passage and answer the questions that follow.**

Ten minutes later I undid my seat straps, pushed gently on the sides of my seat, bent my knees and floated slowly backwards out of my seat. I sat on the ceiling of my cabin and smiled down at Mary.

Mary also undid her straps and pushed the seat. But she pushed too hard and shot up to the ceiling. Helen and I had to catch her.

I really love floating in space. We know people on the earth were watching us and we tried to put on a really good show. We probably looked like three people swimming under water.

Then we strapped ourselves into our seats and had our first meal. That's a difficult thing, too. If you don't spear the food properly with a fork, it floats away all over the place. Most of Mary's food floated away. We had to chase it round the cabin. The TV audience loved that.
